

Group DRIP Club Membership

Introduce DRIP investing to your friends and family members

What are the benefits for your Group?

Each member of the group will have the following benefits:

- A 50% discount on DRIP enrollment.
- Access to Advanced DRIP Search, the online version of *The Moneypaper Inc.'s Guide to Direct Investment Plans* that includes advanced search capabilities. Instead of reading through hundred of pages of company listings, your group members can quickly and efficiently find the companies by searching the database based on specific criteria such as industry, discounts, price, quality rating, and much more.
- Free access to Featured Stock Notice (the \$15 stock special, offered twice monthly by email).

How much will it cost you (or the group) to sign up?

The cost to you (or to your group) is an annual fee of \$200. This fee entitles each member of your group to the benefits described above. (There can be up to 100 individuals in the group.)

- Individually, membership costs \$129. As a member of the group, each member can pay his or her portion of the \$200 fee. As an example, say your group is made up of 20 people. In that case, each group member would pay just \$10 (a \$90 savings).

Does the group have to buy into DRIP Club Membership every year?

No. In subsequent years, members of the group can renew individually or as a group.

Signing up is simple!
